

COIN AND DBA POOL

A TIMELESS YET UPDATED LOOK

VALLEY

The Valley Panther ZD-11 and ZD-11X - new Highland Maple finish
Valley understands the value in playability and the importance of profits.

VALLEY

Improved Playability

- **Smooth Design** - Sleek, innovative corner casting coupled with the newly designed rail cap molding produces a smooth to rail design that eliminates “snag points” for hands, cues and clothing.
- **Proven ZDX Electronics** - Reliable DBA function, charging and programming options including Happy Hours, Bonus levels, and league dues collection - all while keeping the convenience of a push chute.
- **Duramith Cue Ball** - Aramith’s 3-step layered process produces a perfectly balanced ball, the same weight and size as the object balls. Every Panther includes an Aramith ball set.
- **5 Bolt Cushion Rails with Dual Density Cushion Rubber** - Championship’s Tour Edition rubber cannot be beat for its combination of responsiveness and accuracy.
- **Valley’s Teflon Ultra Cloth** - Stain resistant cloth that plays faster, wears longer, and looks better than traditional woolen cloth.
- **Expandability!** - ZD-11X DBA Models can accept PayRange and are Card Reader ready.
- **Highland Maple Laminate** - With contrasting black top rails to help match any venue’s décor (Black Cat edition available with Charcoal Chromatic finish)

Panther ZD-11X DBA/Coin model

Panther ZD-11 Push Chute model
